

SARS CoV-2 Spike S1 Antibody, Rabbit Monoclonal

Product Name: SARS CoV-2 Spike S1 Antibody, Rabbit Monoclonal

Immunogen: Spike S1 subunit Protein (2019-nCoV Spike S1 Subunit, Catalog # 19CoV-S110)

Host: Rabbit

Preparation: Rabbits immunized with spike S1 protein were bled and sera were collected. Antibody is purified from pooled sera by antigen affinity chromatography

Applications: Western Blot, ELISA and other platforms

Reactivity: SARS CoV-2 Spike S1 protein

Isotype: rabbit IgG

Conjugation: Unconjugated

Clonality: Monoclonal

Concentration: 1mg/ml

Purification: Antigen affinity chromatography.

Storage buffer: PBS

Storage conditions: For long term storage, the antibody should be stored at -20°C and is stable for 12 months from the date of receipt. Avoid repeated freeze-thaw cycles. For short term storage, keep at 4°C for a week should be fine.

Application Dilution: 1:1,000-1:100,000 (platform dependent, customers have to test the optimal concentration on their own platform)
