

Certificate of Analysis

Antibody Name:

Anti-RBD IgG1 human monoclonal antibody

Host Species:

Human

Antibody Isotype:

Human IgG1 and Kappa, Full-length

Clone:

CR3022. monoclonal

Antibody Purification:

The antibody was expressed in HEK293F cells, and subsequently purified by protein A affinity chromatography.

Antibody Concentration:

Concentration 1 mg/ml. Antibody concentration was determined by A280 measurement using extinction coefficient of 1.35

Formulation:

In PBS pH7.2

Storage and Handling:

For long term storage (less than a week), keep at 4oC.

For long term storage, aliquot and store at below -20°C (avoiding frequent freeze-thaws).

Quality Assurance:

QC Signature: Linh Doan

Date: 6/16/2020

A handwritten signature in black ink, appearing to read "Linh Doan".
